

# STATES+

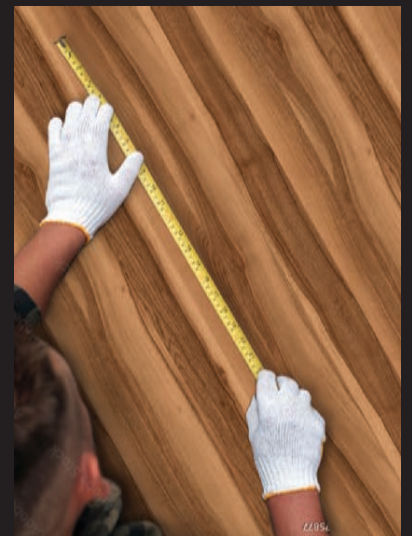

## VENEER SELECTION

Customers have ultimate control over the finished appearance of their panels. They can explore veneer options and select the perfect grain, tone and pattern for their project. Be the supplier who gets them exactly what they want.

## WHITE GLOVE PRODUCTION

States Plus panels are not your run-of-the-mill structural sheeting. Each piece is treated with care and obsessive attention to detail, so you can deliver on the most demanding design specifications.

# PRECISELY THE PANEL YOUR CUSTOMER DESIRES

## EXPERIENCED FABRICATORS

States Industries has been making custom hardwood plywood for over 50 years. Our team is dedicated to growing our distributor relationships through unparalleled quality and outstanding support.

## TOP-OF-THE-LINE EQUIPMENT

States has invested in the best automation machines in the business to ensure consistent, agile production and flawless, architectural-grade panels.

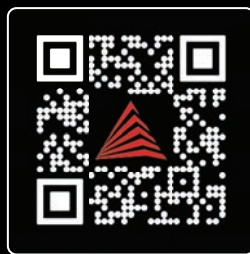

## STRINGENT QC STANDARDS

Each completed sheet is rigorously reviewed for blemishes and other quality concerns. Only perfect panels go out the door to our customers.
