VENEER SELECTION

Customers have ultimate control over the finished appearance of their panels. They can explore veneer options and select the perfect grain, tone and pattern for their project. Be the supplier who gets them exactly what they want.

WHITE GLOVE PRODUCTION

States Plus panels are not your run-of-the-mill structural sheeting. Each piece is treated with care and obsessive attention to detail, so you can deliver on the most demanding design specifications.

REAL WOOD

All Veneers are made from real wood. No two pieces of wood are alike.

PRECISELY THE PANEL YOUR CUSTOMER DESIRES

EXPERIENCED FABRICATORS

States Industries has been making custom hardwood plywood for over 50 years. Our team is dedicated to growing our distributor relationships through unparalleled quality and outstanding support.

STRINGENT QC STANDARDS

Each completed sheet is rigorously reviewed for blemishes and other quality concerns. Only perfect panels go out the door to our customers.

RIDGEMONT COLLECTION

Drawing inspiration from the raw, untamed beauty of nature, this collection of brushed veneer captures the majesty of towering peaks and the intricate weaving of rivers and streams that carve valleys. Ridgemont brushed veneer panels can be customized with a variety of colors and finishes to meet your project's specifications.

LIVE LOOK

Through our unique Live Look feature, you can preview and select veneers in real-time, ensuring you get exactly what you need. Experience the finest in premium veneer craftsmanship, backed by our flawless production guarantee.
